

September 13, 2023
Edition 3

Good morning,

The Board has been working quietly behind the scenes for quite some time on our Proposed Changes to the DCC&R's. In addition to hearing many of your comments and suggestions, the Board has sought advice from outside of the current organization, many of those are trusted and experienced professionals in the HOA world. Based on the advice that we have received to date, we will be delaying the scheduled vote on our proposed changes. We expect this delay to be a short two to four weeks as we review the recommended changes. Once we have further details, our Communications Chair will update the Community on a new timeline once we have better clarity.

On Behalf of the Board,

Regards,

Alton Johnson
CRE Board President
